

MOHAMMED HUSSEN

Computer science st

I am a dedicated frist-year Software Engineering student at Arba munch University, with a strong passion for mobile and web development. Proficient in Flutter and React, I enjoy creating intuitive and user-friendly applications that enhance user experiences. I thrive in collaborative environments that foster innovation and creativity. Eager to apply my skills in a challenging internship, I am committed to continuous learning and contributing to impactful projects.

Education

- Undergraduated Software Engineer
- SAMARA University

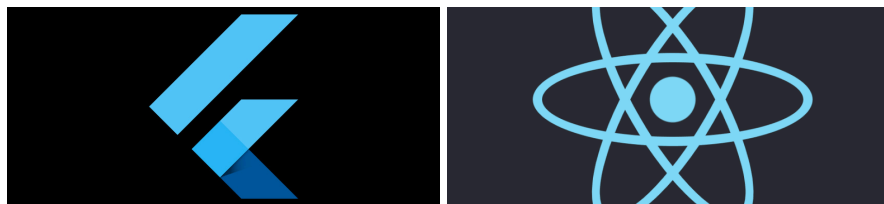

Skills

- Flutter
- React Js
- Javascript
- JQuery
- BootStrap
- PHP
- SQL
- C++
- node.js
- mongo Db

Experience

- software Enginner
- Mohammed & Partners
- Jan 2021 - Jan 2024

During my time at Samara University, I have actively engaged in various software development projects that have honed my skills in Flutter and React. Additionally, I collaborated with peers on a web application project aimed at improving academic resource accessibility, where I contributed to both front-end development and user interface design. These projects have equipped me with practical experience and a deep understanding of the software development lifecycle.
